

**EXHIBIT B**  
**CONFLICT OF INTEREST FORM**

The Friant Water Authority (Friant) prohibits its Directors and staff from participating in a decision in which they may have certain financial or personal relationships with a contracting party. The questions that follow are intended to alert Friant to potential conflicts. If conflicts of only a remote interest exist, a contract may nonetheless be awarded as disclosure allows Friant to choose processes for negotiation, award, and administration of contracts to avoid such conflicts. However, Friant reserves the right to review and make a final determination regarding whether any actual or potential conflicts would violate Friant's policies or California law and thus preclude a contracting party's participation in this contract. All proposed contracting parties and proposed sub-consultants must respond to each of the following questions. For responses answered "yes," Friant may require additional information to evaluate potential conflicts prior to award of the contract. Failure to fully disclose conflicts will result in rejection of the proposal or immediate termination of any contract awarded, if the conflict is material.
